Dear Sir:

Applicants hereby petition to rescind abandonment in connection with the above-captioned application. Applicants assert that there is no abandonment in fact and respectfully petitions for withdrawal of the abandonment pursuant to 37 C.F.R. 1.181 and MPEP 711.03(c). Applicants request the Examiner rescind abandonment.

## I. Statement of Facts

No Notice of Abandonment has been received by the practitioner. However, practitioner understands that the U.S. Patent Office asserts that the application is abandoned because no reply was received to an Office Action mailed September 22, 2003.

On September 21, 2001 Attorney of Record, David R. Metzger of SONNENSCHN NATH & ROSENTHAL LLP, filed a Revocation of Power of Attorney transferring power of attorney from former counsel Limbach & Limbach (copy attached as Exhibit A).

Attached as Exhibit B is a copy of the return receipt postcard stamped by the U.S. Patent & Trademark Office with a stamp acknowledging receipt of the Revocation of Power of Attorney on September 24,

On or about November 7, 2005, per Inventors' Assistance Center, it was determined that the Office Action dated September 22, 2003 had issued.

## **II Docket Record**

Attached is a Declaration of Laura Wells authenticating a copy of the docket record where the Office Action would have been docketed if it had been received and entered. This record is for the twenty-second (22nd) day of each of October, November, December 2003, January, February and March 2004 the due dates for response to a 1 (one), 2 (two) and 3 (three) month office action and up to three (3) month extensions. The record is attached to the Declaration as Exhibits C-H.

Also attached is the Declaration of practitioner authenticating emails recovered with individual docketing records for October 22, November 22-24, December 20-22, 2003, January 22, February 21-23 and March 22, 2004. The enclosed docket records are attached as Exhibits I-N. There is no indication the non-received office action was received.

## **III. Search of File Jacket**

The below signed practitioner searched the file jacket for this application and the contents therein and found no indication that the non-received office action was ever received. Exhibit O attached hereto is a printout of the List of Actions for this particular application from petitioner's electronic docketing system. There is no indication that the non-received office was ever received.

## **IV. Relief Requested**

As the Applicants had not received the Office Action, the abandonment is in error and withdrawal of the abandonment in accordance with 37 CFR 1.181(a) and MPEP 711.03(c) is hereby requested. Acknowledgement of the active status of this application is respectfully requested.

## **V. Petition Fee**

Applicants' contend the abandonment of the above-identified application is a result of the U.S. Patent Office, thus no fee is enclosed with this Petition.

11951840

The Commissioner is hereby authorized charge any additional fees required, as well as any patent application processing fees associated with this communication for which full payment has not been tendered, to Deposit Account No. 19-3140. A duplicate copy of this letter is enclosed.

DECLARATION OF DAVID R. METZGER

Mail Stop Petition  
Office of Patent Legal Administration  
Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

S I R:

I, David R. Metzger, hereby declare as follows:

I am over the age of 18 years and have been the practitioner responsible for US  
Application 09/605,733 since the file's transfer from former counsel Limbach & Limbach on

The Intellectual Property and Technology Docket Department (IPT Docket) of  
Sonnenschein Nath & Rosenthal LLP (SNR) employed different ways to notify  
practitioners as to upcoming due dates.

During October 2003 to March 2004, IPT Docket sent out via e-mail, mostly on a  
daily basis, due date lists output from a reporting function in the docketing system. These  
reports were individualized for the recipient practitioner, as opposed to firm-wide  
comprehensive due date lists.

As a matter of ordinary and customary business practice I retained and  
retain copies of e-mails and attachments received by me relating to business matters. I  
was able to locate copies of e-mails sent to me advising as to responses due on October  
22, November 22, and December 22, 2003, including three (3) month extensions having

due dates of January 22, February 22 and March 22, 2004 for matters within my responsibility.

Attached hereto as Exhibit I are copies of the due date print out including due dates for October 22, 2003 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/605,733.

Attached hereto as Exhibit J are copies of the due date list including due dates for November 22-24, 2003 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/605,733.

Attached hereto as Exhibit K are copies of the due date list including due dates for December 20-22, 2003 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/605,733.

Attached hereto as Exhibit L are copies of the due date list including due dates for January 22, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/605,733.

Attached hereto as Exhibit M are copies of the due date list including due dates for February 21-23, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/605,733.

Attached hereto as Exhibit N are copies of the due date list including due dates for March 22, 2004 and the cover e-mail, for matters falling with my responsibility. There is no entry for anything due for US Application 09/605,733.

If there had been an entry for US Application 09/605,633 in any of these docket records, that would indicate prior receipt of a communication for which a response was due.

Because there was no indication of anything due for US Application 09/605,633 in any of these reports, this is a clear indication on practitioner's docket record that the office action was never received by practitioner's firm for any communication dated September 22, 2003.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like

DECLARATION OF LAURA WELLS

Mail Stop Petition  
Office of Patent Legal Administration  
Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

S I R:

I, Laura Wells, hereby declare as follows:

I am over the age of 18 and have been employed as the Intellectual Property and  
Technology Docket Department (IPT Docket) Manager of Sonnenschein Nath & Rosenthal  
LLP (SNR) since September 27, 2004.

Exhibit C is not a printout generated in the ordinary course of business but is the  
result of an extraction of responses due data for October 22, 2003 from SNR's IP Docket  
patent docket database. In accordance with the extraction criteria, it should contain all  
responses that were due of October 22, 2003 for patent matters handled by SNR. No  
physical copy existed prior to this data extraction request.

Exhibit D is not a printout generated in the ordinary course of business but is the  
result of an extraction of responses due data for November 22, 2003 from SNR's IP  
Docket patent docket database. In accordance with the extraction criteria, it should  
contain all responses that were due on November 22, 2003 for patent matters handled by  
SNR. No physical copy existed prior to this data extraction request.

Exhibit E is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for December 22, 2003 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on December 22, 2003 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit F is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for January 22, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on January 22, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit G is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for February 22, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on February 22, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

Exhibit H is not a printout generated in the ordinary course of business but is the result of an extraction of responses due data for March 22, 2004 from SNR's IP Docket patent docket database. In accordance with the extraction criteria, it should contain all responses that were due on March 22, 2004 for patent matters handled by SNR. No physical copy existed prior to this data extraction request.

The docket system cannot today generate a due date report using the canned reporting functions of the system in view of the fact that only responses with open due dates are printed in such reports. Given that there are no open due dates for October 22, 2003, November 22, 2003; December 22, 2003, January 22, 2004, February 22, 2004 and March 22, 2004 only a blank report would be generated by the system's canned reports.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the

United States Code; and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
